This picture shows many of the neighbors and helpers at our May 14 neighborhood cleanup! More than 40 folks pitched in to help EFNA folks clean up our yards, basements and attics. See you-all next year!

East Front's next gathering* is

6 to 7pm Thursday, July 14, 255 S Estelle

PLEASE COME AND ENJOY!

****"Gathering" means a little socializing, a little food, a little visiting and a little meeting. You are welcome with food or beverages to share or with empty hands. Honestly. Whatever you decide, you are WELCOME.**

Check out our new website, EFNAWichita.com (with many thanks to creator Sophia Larsen)! Some features: City and County resources, including Dumping; our City and County decision-makers; AND a list of businesses on our perimeter, Douglas to Kellogg, I-135 to Hillside. Do you have a business located *within* our boundaries?

EFNA is recruiting for a facebook and/or twitter volunteer. A previous neighborhood facebook page has changed to a personal page. Volunteer via urbanejane5@gmail.com.

Our new Board is looking at revised, simplified bylaws that reflect this new, neighborly configuration suggested by our City Council member, Brandon Johnson. Hopefully the proposed bylaws will be ready to post on the new website, EFNAWichita.com, before August 5. They will be voted on at the September 8 membership gathering. Please check them out and comment on what's right and what's wrong!

Another way to meet and greet: Tuesday, August 9 is National Neighbor Night Out. Several blocks are planning their block parties, and yours could too! Pick your own time, invite the neighbors, and enjoy. You may get to meet our Community Police Officer, Ryan Mulloy, firefighters, and/or other City friends. Suggestions by the City of Wichita are at <https://wichita.gov/NNO/Pages/default.aspx>.
