

EAST FRONT

OUR DAY TO WATER IS THURSDAYS

Until the Drought Stage 2 is over, restrictions on outdoor watering have been effective in reducing usage. *You can show your support for conserving water by picking up a free yard sign at all library branch locations.*

Outdoor Watering Tips

Limit watering to once per week.

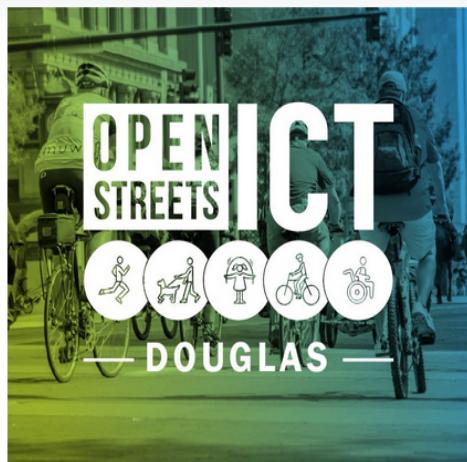

Water just enough to keep root systems alive; allow lawns to go dormant.

Water before 10 a.m.

Do not overseed lawns this fall.

Water just enough to fill up an upside down frisbee, once a week.

Your lawn should go dormant but not die utilizing this schedule until the drought is over. wichita.gov/501/Drought-Update

We showered our letter carrier, Annie! Before her due date, many East Front folks left baby items on our mailboxes along her route. **BEST WISHES** during your month off, Annie!

East Front shares its area with East High students. These students—like all of us—have good angels on one shoulder and devilish angels on their other shoulder. When students' bad angels get in our way, please call the East High Truancy Officer, xxx.xxx at xxxxxxx.

REFUSE, REUSE, and lastly, RECYCLE:

Join up to save money and our planet by re-thinking what we buy and what we discard.

Often, we can put on our curb the items we no longer use, so other neighbors can pick it up to continue its useful life. There are Wichita places that accept furniture and clothing to re-use.
